

BFI AIRPORT ADVISORY

DATE: August 28, 2006

TO: King County International Airport Tenants
distributed by e-mail and fax

FROM: Robert I. Burke, AAE, Airport Director

SUBJECT: **13R/31L CONSTRUCTION ADVISORY –
8/28 SCHEDULE CHANGE**

Runway 13R/31L will be closed from 1400 to 2000 (local) August 28, 2006.

The high probability for an interruption in the painting of the runway markings due to forecasted poor weather beginning Tuesday could delay the opening of the runway full length until Thursday or Friday. We will accelerate the painting schedule and complete related clean-up work during the above referenced closure. **The runway 13R/31L will re-open full length this evening, August 28 at 2000 (local).**

At this time, we are not sure if NAVAIDS will be available and we will issue a NOTAM on their availability as soon as we receive confirmation from the FAA.

We apologize for any inconvenience; however, we felt that any delay in returning the runway to full service was unacceptable. The runway will now open full-length 24-hours earlier than scheduled.

Thank you for your continued support and cooperation during our construction season. If you should have any questions, contact Rita Creighton, Community Relations and Education Programs Manager at (206) 296-7431
